ABOUT ME

Software Frontend Developer with hands-on experience building clean, responsive, and user-friendly web applications using React.js and Tailwind CSS. Delivered projects ranging from static UI clones to interactive platforms, including an AI-powered chat assistant and a student-focused learning guidance platform. Proficient in HTML, CSS, JavaScript, and JSON, with growing experience in backend fundamentals through Express.js and MongoDB

SKILL

Languages & Frameworks: JavaScript, React.js, HTML, CSS, Tailwind CSS, GSAP, Express.js, MongoDB

Tools & Platforms: Git, GitHub, VS Code, Firebase, Canva, Vercel, Postman, AntiGravity

Libraries: GSAP, ScrollTrigger, Axios

WORK EXPERIENCE

React.js Intern — Inai World Pvt Ltd Feb 2026 – May 2026

- Co-developed the entire frontend layer for Miraai, an AI-powered video production platform landing page, working closely within a development team.
- Created advanced animations for product galleries and creative assets using GSAP, ScrollTrigger, and Lenis smooth scrolling.
- Managed code and collaboration using Git, GitHub, and GitHub Desktop to practice real-world version control workflows.
- Translated design layouts into responsive, production-ready code while adapting to professional team methodologies.

PROJECTS

Skill Navigator

Built a web app with HTML, CSS, JavaScript, and JSON using the MindElixir.js package to generate interactive skill roadmaps. Users can search for a skill to view its roadmap along with curated YouTube video recommendations. Integrated Firebase for login and signup to deliver a personalized experience.

Fitlab

Created a responsive homepage using React.js showcasing gym details, branch locations, and image galleries in a clean, modern interface.

AI Chat Assistant

Developed an AI-powered chatbot using React and Tailwind CSS with Gemini API connectivity for real-time conversational responses.

HACKATHONS & CERTIFICATIONS

- Smart India Hackathon 2024 | Developed and presented an innovative technical solution for a designated problem statement, pitching the prototype to an institutional panel to secure a spot among the college's nominated team
- Inter-College Hackathon 2025 | Developed and optimized frontend interfaces within a team to deliver a fully functional prototype.
- Dawn of Code Hackathon 2025 | Translated UI designs into clean, responsive, and production-quality web layouts.

EDUCATION

2022 – 2026

B.Tech in Computer Engineering Bhagwan

Mahavir University, Surat CURRENT CGPA: 7.77 / 10
