ABOUT ME

Frontend Developer with hands-on experience creating clean, responsive, and user-friendly web applications. Developed several projects, from static UI clones to interactive platforms, including an AI Chat Assistant developed with React and Tailwind CSS, as well as Skill Navigator, a student-focused learning guidance platform. Proficient in HTML, CSS, JavaScript, JSON, with developing experience in React.js and modern UI development.

SKILL

- REACT.JS
- TAILWIND CSS
- JAVA SCRIPT
- FIREBASE
- GSAP
- CSS
- HTML

TOOLS

- GIT
- GITHUB
- VS-CODE
- AntiGraavity
- WindSurf
- Canva

WORK EXPERIENCE

• React.js Intern -UptoSkill

Aug 2025 – Nov2025

- Developed responsive web applications using React.js
- Built reusable components using functional components and React Hooks
- Managed state using useState and useEffect
- Integrated REST APIs using Axios / Fetch
- Implemented routing using React Router
- Improved UI using HTML, CSS, and Tailwind

• React.js Intern -Inai World

Feb 2026 – May2026

- Miraai – AI Production Platform Landing Page
- Tech Stack: React.js, Tailwind CSS, GSAP, ScrollTrigger, Lenis.
- Key Features: Developed an immersive, high-impact landing page for India's first AI-powered video production service.
- Core Contribution: Authored the entire frontend layer, focusing on advanced GSAP timelines to animate product galleries, value proposition sections, and dynamic creative assets.
- and 8px spacing systems for a professional look.

PROJECT

• Skill Navigator

A web app built with HTML, CSS, JavaScript, and JSON that uses the MindElixir.js package to build interactive skill roadmaps. Users can search for a skill to see its roadmap along with YouTube video recommendations to help them focus and improve their study. Integrated with Firebase for user login and signup to deliver a more personalized experience.

• Fitlab

Using React.js, I created a responsive homepage that showcases gym details, branch locations, and image galleries in a clean and modern interface.

• AI Chat Assistant

Developed an AI-powered chatbot using React and Tailwind CSS, with Gemini API connectivity for real-time conversational responses.

EDUCATION

2022 – 2026

🎓 B.Tech in Computer Engineering Bhagwan

Mahavir University, Surat

CURRENTCGPA: 7.77 / 10
